

Voting by mail has been a convenient and safe method for many years -- I don't see the need to change. The result of dropping Oregon's vote by mail system would be to make it more difficult for people to vote. This will create a hardship for working people, who may have a hard time getting to the polls on a working day, and for the elderly, who have mobility issues and may have to walk quite some distance from where their car is parked, and/or stand in a long line in extremely hot or cold (or WET!) weather.

I am OPPOSED to this bill, and would like to see Vote By Mail continue as the way we vote in Oregon.
