

Submitter:

Craig Yon

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support this bill. You need your id to fly, buy vehicles and a lot of other things. There are enough questions about how secure Oregon's voting is that something needs to be done. It seems like our house and senate reps get more extreme, talking to people you wonder how these people keep winning.  
Thank you
