Joel Hanawalt

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is regressive for voters, will add to costs for voting and will lead to less people voting. Furthermore, every single voter irregularity is investigated, leaving to public trust in our voting system. Changing that would erode trust not increase it. To recap, this bill would add to costs and remove trust. This bill is folly. This should not pass.
