

Submitter:

Hans Hlawaty

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is such a naked attempt by one party to suppress votes. We are a democracy, why are we afraid of making it easy for citizens to vote? There has been no credible demonstration that vote by mail leads to fraud. Ask yourself the true motivation of the sponsors of this bill. Please do not vote for this.
