

Submitter:	Melody Burdette
On Behalf Of:	SB210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

We've been voting by mail for decades and it's proven to work better than in person voting.

Voting by mail allows for people with transportation issues, disability issues, health issues, childcare issues, work schedules, vacation schedules, etc. to still vote if any of those issues inhibit or prohibit voting in person. Taking away vote by mail is actually voter suppression. I oppose this bill.
