SB210

Oregon's vote-by-mail system is one of the things I am most proud of as an Oregonian. Even attempting to open the door to the removal of such a well supported institution in Oregon is a disgusting, anti-democratic attack on our rights as voters and I strongly oppose this bill. Being able to vote by mail gives me the ability to make informed decisions when voting and ensures that I can find time to vote regardless of how hectic my schedule is around voting days.
