

Submitter:

Nancy ROEHRICH

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I believe Oregon has one of the safest and secure voting method in the US. Voters have approved mail in voting because it is what they wanted. The legislation should not overturn the will of the people. There is no evidence of wide spread voter fraud in Oregon.

I remember the days of in person voting. It was a pain trying to go before work and not be late for work.

Please do not change the way Oregonians vote.
