SB210

I am strongly opposed to SB 210. Oregonians have long been pioneers in many fields and our early conversion to vote by mail is an outstanding example of leading the way by example. Vote By Mail is simple, accommodating to all situations that voters may find themselves in (what if someone is too sick to go to the polls on election day?) and fair to those who may be excluded by transportation or work issues on one exact day. Our family sits down and discusses everything in the Voters Pamphlet before voting together and I believe that our deliberations make us more informed voters. Please do not take from us the power provided by this proven method of voting fairness!
