Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I'm opposed to SB210 because there is no evidence that the current mail in ballot collection method is causing any problem issues for voters or the state. This seems to be making a problem where none exist. Senators need to be addressing real issues that would make life better for Oregonians. It also appears to me that this is a republican backed proposal that would make our current president happy but provide no benefit to the people.
