SB210

Limiting the voice of the collective people is one of the most un-American things to do. A regime that seeks to limit access, support, and speech of its constituents is cowardly and a disgrace. Mail-in voting is an accessible need, CRITICAL to Oregon in particular, as most of the state is rural and communities small, outside the major cities.

For those that push to remove our right to vote, I hope you never find true rest and your progeny forget about you.
