

Submitter:

Casey Schreiner

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this bill. I have been voting by mail in California and Oregon for almost 20 years. It is safe, easy, and allows me to research the candidates and ballot measures on my own time. The case for repealing this system is based on extremely faulty logic and bad math. Fraud is virtually nonexistent. Please protect our right to vote.
