Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I do NOT support making it difficult for all eligible voters to vote.

We have different abilities that may make reaching voting polls difficult, as my Mom does.

We have different work schedules that may prevent voting at a poll potentially impossible, as I do.

Nothing could be more unpatriotic than disenfranchising voters to suit a few people that feel they cannot fairly win elections without denying eligible voters the chance to vote.
