On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Forced in-person voting contributes to voter suppression. Oregon's vote by mail system is utilized by many who cannot easily access voting centers. This bill passing would be a huge blow to the disabled community, as well as anyone who is overworked, overwhelmed or underrepresented. This bill is a blatant attack on democracy. If it passes, it will negatively impact Oregonians and disproportionately affect marginalized groups.
