SB210

I strongly oppose SB 210. This is a solution looking for a problem to solve. Voter fraud is extremely rare and the paper ballots generated by mail in voting is actually more secure than electronic voting machines used in person voting. Trump loves this narrative that is demonstrably false. He still doesn't accept that he lost the 2020 election. He won in 2024 with-gasp-some people voting by mail or early. This is a move to get attention, not an answer to a real problem. Work on education, upgrading skills for workers, saving rural hospitals and access to healthcare. We want pragmatic solutions not posturing.
