Please keep our vote by mail. It allows all of the time to make educated decisions, in our own homes & return the mail in ballots at our convenience. Vote by mail reduces the hardship for voters - mail in voting means we don't have to take time off from work, drive to polling locations, waste time in lines or worry about scheduling conflicts. In person voting is a particular hardship on the poor or minorities, as their jobs likely would make it difficult to get to the polling stations.
