

Submitter:

Maryann Ballenger

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I feel you could ask a security question or something if needing to validate a vote, but I like voting in the privacy of my own home and having a discussion and thinking on them. I like not being rushed and doing it ahead of time. I feel it's too hard to do in person voting. I think a lot of votes will be missed if we go back to the old way of doing things.
