

Submitter:

Geri Wilson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This version of voting has worked for quite some time and needs to stay. The idea of standing in a long line in bad weather and having to take the day off makes this a HARD no for me. This makes it hard for people with health issues or childcare problems, also. Being able to vote by mail makes it more private, as a person can take their time to research before voting.

Please leave this as it is.
