Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I am strongly opposed to the bill. Requiring 'in-person voting only' is a big step backwards. I remember the days of in-person voting. It was difficult for those who had to work long hours and/or commute, It interfered with family schedules & duties. It was inefficient, requiring large numbers of volunteers, needing screening, training and oversight. And finally, it unfairly limited access to voting for those needing an alternative to the voting process created in another time. If there are problems with mail in voting, work on fixing them. Recognize that times have changed. Use the tools available we now have to make voting easier for all citizens. Make it fair and accessible for all.
