Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this bill as it would negate the success story that vote by mail has been in Oregon. Despite outrageous claims made in certain media outlets, there have been almost no cases of fraud or misuse of the vote by mail system, and using vote by mail has been extremely effective in boosting turnout for elections. The mythology surrounding "Voter ID" and "voter fraud" has no place in the ORS or our Constitution.
