

Submitter: Juliana Inman

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Default in person voting will repeal the 1998 citizen voter initiative which passed by a 69.4% to 30.6% margin. SB210 would disenfranchise elderly, disabled, and poor voters who cannot access a polling place in person. This is most likely the reason for introduction of this bill. The bill would negatively impact Oregon's highest in the nation voter turnout statistics.

I strongly oppose this bill.
