

Submitter:

Adam Morgan

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a current citizen of Oregon, I have enjoyed the process of voting by mail. In any endeavor there can be minor issues that arrive. Changing the process over minor issues seems, like an overkill. Why not address just the minor concerns and move forward. As mail in voting has been in place for a long time in Oregon... in fact it's generational. Please move forward on more important citizen concerns... Thank You...
