

Submitter: Matthew Price

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose this proposal. Mail in voting allows me and all other voting Oregonians to take time to make informed choices on our ballots.

This proposal would place a huge and unnecessary burden on the ability of all Oregonians to vote.

I take such pride in our vote by mail system and consider it the gold standard in election fairness and security.
