Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose the bill to make in person voting the standard in Oregon. I, along with countless Oregonians, have been a proud mail-in voter since 1998. There have been vanishingly few reports - much less confirmations- of voter fraud in the past 27 years. This is clearly posturing by the bill's sponsors to devalue and denigrate Oregonians who proudly exercise their right to vote.
