

Submitter:

CANDICE RUTHERFORD

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I find this measure offensive and a threat to our democracy. Vote by mail works so well here and it enables many to vote who experience barriers that could prevent them from voting if the option weren't available. Please vote this down, we the people are depending on our leaders - we're paying attention & will work to vote in leaders who will protect our democracy at every level.
