I do not support this bill that repeals by-mail voting in Oregon. Oregon has one of the highest voters turnouts in the nation thanks to by-mail voting. Additionally, voting is a CONSTITUTIONAL RIGHT and should be accessible to all. This is a ridiculous GOP attempt to implement voter suppression. To take away people's right to vote, or to make the system even more difficult for people to vote, is nothing short of malicious. It intends to disenfranchise voters, which is exactly what the MAGA GOP wants, as they otherwise cannot shoehorn their fascist ideologies into law.

I vehemently oppose this bill and any bill that seeks to compromise a citizen's CONSTITUTIONAL RIGHT to vote.
