SB210

To whom it may concern,

I support SB210.

Oregon must repeal mail-in voting.

Accomplishing this will assure that Oregon complies with the Presidential Executive Order requiring voter ID and proof of citizenship.

The purpose of the executive order is to verify that a person is eligible to vote.

Oregon's vote-by-mail fails to verify if a person is who they say they are, relying only on a signature, which can be forged, plus Oregon does not verify that a person is a citizen prior to accepting registration.

Pass SB210 and repeal vote-by-mail.
