Mail in voting has been successfully used my entire adult life. I've never heard one incident of fraud. The forms we use are also great for recounts and to ensure we do not have voting machine errors. We live in a 24hr world these days, I work 12hr shifts. Voting is hard enough when one works long hours add the night shift and it's harder, especially on a long 4 day long week. Mail in ballots give me the chance to vote.
