

Submitter:

Bashar Ibrahim

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail is the last hope that our democracy has. We live in a world where people are required to work more hours than ever before, and that's before having to spend even more hours stuck in traffic for a commute. We need people to participate in our democracy, and that means that we need to make sure that democracy is accessible. People can't participate in democracy from work, or from traffic, or if polling places close before they can reach them.
