SB210

Hello Oregon legislators,

Senate Bill 210 has to be one of the most ridiculous things I have heard proposed in my life, and we live in an age where the standing president has proposed injecting bleach to cure an infectious disease.

This is a bill that has no reason to exist. Vote by mail is proven to be extremely secure and pro democracy. The more people who vote, the more the elected representatives will follow the will of the people.

Or wait, is blatant voter suppression the goal?

Either way, this proposed legislation is beyond disgusting and has no place being proposed in our great state. Please vote no on Senate Bill 210.

Thank you.
