I am adamantly opposed to this measure. Voting is a right and civil responsibility, and any measure that makes it more challenging to vote is a move in the wrong direction.

I grew up in a rural area, where voting in person required a 30-60 minute drive to the nearest voting station. This bill will harm those living in rural areas, especially the elderly, those with children, and those with employment in remote locations.

We've had enough backwards and regressive policies enacted on a federal level, we don't need them at a state level too. Keep Oregon's vote by mail system.
