

Submitter:

Delpha Thomas

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a voter in Oregon, I oppose any measure to return to in person voting. Voting by mail allows people with disabilities, the elderly and people who lack transport, time off work, need child care, etc., to vote without undue stress. Voting by mail is efficient, accurate and supportive of a thriving democracy where everyone participates.
