

Submitter: Hanna Rashkovsky
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

The idea that in-person voting is somehow more accurate or fraud-proof is nonsensical in every way. I am proud to call this state my home, as are many others, and reducing access to the voting is a blatant maneuver to keep those with less privilege from having a voice. I hope to see Oregon stay true to its values.
