

Submitter: Tye Wood

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SJR30

SJR 30 is an attempt to put more roadblocks in the way of the citizenry to have a say in their own future. When citizens feel they have little say in their future they go to where they do. SJR 30 limits the citizens from bypassing an unresponsive legislature. It further limits citizen self determination. It will only drive more people to leave the state of Oregon and take their taxable wealth with them to prosper elsewhere.
