Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Hello, I am in opposition of making in-person voting mandatory as a previous resident of a state that did in-person voting. It was a really tedious process that did not include everyone that was able to vote and I think being in Oregon now it's been fantastic to see more voter turn out and truly get the voice of the people. I would urge you to reconsider making in-person voting mandatory and thank you for your time.
