

Submitter:

Mackenzie Weintraub

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a voter, I rely on vote by mail to be able to cast my ballot. This method gives me time to consider the candidates, research measures and be fully informed when I vote. It also makes it easier for me to go to work and take care of my children while ensuring I'm able to exercise my right to vote. I believe vote by mail is key to voter participation in our state and should remain an option for voters.
