Peter McGovern

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I am a 74 year-old cancer survivor who is disabled from liver cirrhosis. Voting by mail gives me the time that it takes to research all of the candidates and ballot measures at my leisure.

Voting in person would be impossible for me as my doctor does not want me to be exposed to any kind of illness that would threaten my recovery from liver cancer.

We have the best voting system in the country. We have some of the highest voter turnout. And everything works so smoothly without any election fraud.

Getting rid of mail and voting would be a 100% disaster for the state of Oregon.
