

Submitter: Kathy Lawrence

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail is a safe, accurate, and ethical way to vote. It allows workers, parents, the elderly, and other disadvantaged communities be able to vote without missing work or parenting responsibilities. It prevents long lines and difficulty with polling locations. There is no reason to stop voting by mail except lies and propaganda spewed by people trying to prevent or inhibit the right to vote. Let's keep moving voting rights forward and not backwards in Oregon!
