

Submitter: Tara Shepersky

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Natural Resources

Measure, Appointment or Topic: HB5009

Dear Legislators,

Please fund the Private Forest Accord. Conservation orgs and timber companies together created these protections for creatures (like salmon) and ecosystems we all love and rely on. Let's continue to conserve our mutual natural resources—as well as the living forest for its own sake.

Thank you for your service to our state and your communities.
