On Behalf Of: Mr Oregon OPPOSES HB 3803
Committee: House Committee On Rules
Measure, Appointment or Topic: HB3803

I OPPOSE [HB 3803].

[HB 3803] illustrates the severity of penetration and influence a cartel of; "Private, Non-profit and Nongovernmental Entities" have successfully established themselves on the public's teats; requiring the creation of, "...The Oregon Department of Administrative Services shall prepare the first enterprise strategic workforce plan...The Enterprise Definitions and Standards Task Force...The Key Performance Measure Task Force...."

[HB 3803] is an expansion of "The Oregon Department of Administrative Services" to monitor how public money is spent and services rendered to make government more efficient.

"...(e) Developing workforce planning processes and methodologies to integrate workforce planning with statewide budget and equity processes; and...

...(f) Other subjects that the department determines are appropriate for inclusion in an enterprise strategic workforce plan.

Both (e) and (f) above show a 'WOKE' philosophy of "Inclusion" and "Equity;" "Diversity" is not mentioned by name directly but indirectly it is found throughout [HB 3803].

Here is a very good idea, "...SECTION 15. (1) The Division of Audits shall maintain a small agency team of auditors, consisting of at least three full-time equivalent auditors...."

[HB 3803] attempts to track the Millions (if not Billions) of taxpayer dollars apparently thrown into the abyss characterized by the cartel of, "Private, Non-profit and Nongovernmental Entities."

Mr. Oregon Concurr and says, "[HB 3803] has many good and decent administrative proposals but it is terminally flawed. One must read the entirety of [HB 3803] to grasp its' failures."
