

Submitter: Jake Davis

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

For decades now we have voted by mail with little to no drama. Vote by mail has made voting more accessible and Oregon (proudly) boasts one of the higher voter participation rates in the country. We've spent years dialing in this system, removing the postage fee, automatically enrolling voters, establishing drop sites, all in the name of making it simpler and easier to vote.

To throw this away would be an inequitable and monumental waste, and I strongly oppose this bill. Thank you.
