

Submitter:

Brian Bourdet

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has shown over the years to have one of the most robust voting systems in the entire world. We have run this successfully accurately and safely for decades. I like being able to sit at my kitchen table and consider my options and vote at my leisure. It also encourages more voter participation, which is critical to a wealth running democracy.
