

**To whom it may concern,**

I am strongly opposed to SB210. Voting by mail has made voting for rural Oregonians and working class people so much easier. There is little to no evidence of voter fraud in the state and the only thing in person voting will do is exclude large populations of rural voters and working class voters who can't take time off of work to go wait in long lines.

Thank you for your consideration,  
Lydia Doleman
