Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's vote-by-mail is much more than a convenience. It is necessary for many of Oregon's aging and less able-bodied citizens who are unable to stand in line waiting to cast their votes, as well as single parents and employees who are not granted nor can afford to take an election day off. Our signature-certified vote-by-mail system implemented by the Republican-leaning Secretary of State continues to be a leading model in our country, which other states aspire to replicate due to minimal barriers to voting, successful turnout, efficiency, a paper trail, and nearly-nonexistent voting fraud. Please uphold our democracy by upholding the Oregon Motor Voter Act.
