

Submitter:

Jaden Smith

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Hello, I'm not sure if these are read, but in the off chance they are I would like to state just how bad of an idea that this is.

We are living in in uncertain and dangerous times, now more than ever, the people need a way to vote without fear of retribution. To remove this now, I can only assume is an intentional effort to align with certain powers that be. Please, do not allow this to pass.
