Since living in Oregon for the past 8 years, the mail-in voting system has proven to be the most effective and efficient way for me to participate in the voting process. I get my ballot and voter pamphlet in the mail well in advance of election day, which allows me time to study the candidates listed information. I am then able make an informed decision when casting my vote and I have multiple ways to then submit my ballot for counting. It is truly the best way to vote and I want for every state to have this system, we should NOT take it away from Oregonians!
