SB210

It is hard for me to say in civically acceptable language how much I object to this bill.

I vote in every election, big or small, and always will. I used to volunteer at the poll in the gym at the 3 room school house that my kids attended and greet neighbors, gossip, and thank those who came to vote. It was fun.

But since Oregonians voted and voted again to support total mail-in voting, the % of participation of citizens voting in our state has increased significantly. For decades this has been a great success!

Please don't respond to the push of misinformation designed to disenfranchise voters!
