

Submitter: Mary Adams

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon's current vote-by-mail system is well-administered and has proved effective for citizens to use. It has not been shown to be subject to fraud any more than voting on Election Day only. After several decades of use, the state has perfected a very efficient system. Why would the state want to revert to a more expensive, arcane system of gathering votes?
