Mail in voting provides all citizens and voting aged residents of Oregon the easiest way to exercise their right and responsibility to vote in a democratic republic.

Requiring everyone to vote in person discriminates against those who cannot - people who can't take the one day off to vote, people who are elderly, disabled or just unable to physically get to a voting place, etc. Mail in voting gives the voter time to review the candidates, measures, and judges without fear that Russia will call in a bomb threat at a voting site (happened in 2024) or of being harassed or intimidated at voting sites by people who want everyone to vote like them (also happened in 2024). Please keep mail in voting as it is beneficial for all, no matter what party you support!
