Senate Committee On Rules

Measure, Appointment or Topic:

SB210

?? Oregon friends! URGENT! ??

TODAY (March 31) at 1PM, the Oregon Legislature is voting on SB 210, a bill that would eliminate vote-by-mail and force in-person voting for all future elections in Oregon.

?? This would completely upend how we vote — and there's no reason for it.

Oregon's vote-by-mail system is safe, trusted, and works well.

?? We need to stop SB 210. Here's how to send in your testimony (super easy!):

I'm writing in opposition to SB 210. Oregon has one of the most secure and trusted vote-by-mail systems in the country. Switching to in-person voting would be unnecessary, expensive, and disruptive. We don't have the infrastructure to support full in-person voting. This bill creates chaos where there is none. It's not about fixing anything — it's about breaking something that works.
