Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I vehemently oppose SB 210. This would make it much harder for many Oregonians, including myself, to vote. Democracy depends upon making voting accessible to ALL citizens of the United States! Mail-in voting has worked successfully in Oregon for many years and there is absolutely no reason to change it... unless you actively want to suppress voters. That is incredibly anti-American, anti-Democratic, and harmful to us all. I demand that you vote NO on SB 210!
